RE: Waller Road Project (ICDBG-ARP) Grant # 22RP5312680 Amendment Requests

Puyallup Tribe of Indians Housing Department is requesting to amend the cost summary and implementation schedule for the ICDBG ARP # 22RP5312680 grant. This project continues to address the Prevention/preparation/Response to COVID-19. Per the [Notice PIH-2022-12](#). There is a need to submit a cost summary amendment request to add leverage from multiple grant fund sources. This is needed due to updated cost estimates from the Architect, which reflected the cost increases of the Waller Road project. To that affect, the implementation schedule will require an amendment to change the period of performance from December 30, 2022 to **December 31, 2024**. To support this request the HUD 4123 Cost Summary and the HUD 4125 Implementation Schedule are attached.

### Budget Narrative

We request to add the following leveraging sources: ICDBG-ARP Grant (22RP5312680) **\$1,722,746**, IHBG ARP Grant (21AH5312680) **\$2,000,000**, and IHBG FY23 and FY 24 Grant (55IT5312680) **\$1,277,254**. The estimated cost per unit will be around **\$460,813** for a 2 bedroom with a total of **\$921,626** per duplex complex. The revisions are for using funding source (ICDBG-ARP) for the planning and administrative cost and (ICDBG-ARP/IHBG/IHBG-APR) on construction and infrastructure for this project. The need to provide additional funding is for additional design, construction and infrastructure to complete project received from the rough order of magnitude engineers estimate of site development costs 60% schematic design form from AKANA.

- AKANA Architect and Engineers were selected for the Waller Road project.
- The design process is at the estimate of site development at 60% schematic design.

### Implementation Schedule Narrative

Implementation Timeline: (Per Contract with Akana Architects)

- Schematic Design/ Preliminary Study – 8 weeks duration – *estimated completion January 2024*
- Design Development Phase- 5 weeks with an aditional 2 week review period by PTHD - *estimated completion January 2024 due to Permits and possible additional requests by county to develop site*
- Construction Documents Phase- 9 weeks with and additional 2 week review period by PTHD - *estimated completion January 2024*
- Contractor Bidding and Negotiation Phase: 6 weeks in duration - *estimated completion February 2024*
- Construction- 30 weeks in duration - *estimated completion December 2024*
- Closeout - *estimated completion December 2024*

### Citizen Participation:

# Puyallup Tribal Housing Department

*"A Drug & Alcohol Free Housing Program"*

A new Citizen Participation resolution will be provided by Puyallup Tribe of Indians allowing residents an opportunity to comment on the proposed amendments for the implementation schedule and budget revisions to the ICDBG ARP Waller Road project for 10 days. Citizen participation will be posted on, December 15, 2023.

"The project details will be posted to PTHD's website and will be asking for the community comment on new proposed amendments to the schedule and budget revisions **FOR ICDBG-ARP (22RP5312680)** Waller Road Street Project (\$1,722,746) **TO ADD SUPPLEMENTAL ASSISTANCE IHBG ARP (21AH5312680)** (\$2,000,000) & **IHBG (55IT5312680)** (\$1,277,254). PTHD in conjunction with Akana Arhcitects hosted a community event to share preliminary designs and gave the opportunity for the community to give their likes and dislikes as well as suggestions to be added to the final project documents. Puyallup Tribal Council was included in the discussions and will provide the authorization to proceed with the final plans of the Waller Road Project.

The Puyallup Tribal Housing Department has sought out extension to June 01, 2024 of its ICDBG ARP grant, Waller Road Project to construct 6 new duplex's (12 units with 2 bedrooms) that will serve low income Tribal elders in our community. Our Tribal elders are valued very much within this Puyallup Tribe of Indians community, we want to make sure they are taken care from all aspects of life from health perspective and having the basic needs of shelter meet at a low income fair market according to their household income is essential for creating self-sufficient household to thrive to prevent, prepare, respond to COVID-19. The need to provide homeless low income Tribal elders who are risk of being homeless due to the economic impacts caused by the coronavirus and after effects caused by pandemic. Reduce overcrowding of multigenerational families and COVID-19 infection within community by providing a safe and stable home. These pandemic funds will allow our community to create new units with ADA accommodations which is a need in our community for those with ADA needs. Expand an existing site for elders with more elder units. Enhance our lives of Tribal elders with more quality shelters. This will increase the community's long-term resiliency and ability for more Tribal elders to mitigate future coronavirus outbreaks by providing stable housing. Public reporting burden for this collection of information is estimated to average 40 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestion for reducing this burden, to the Reports Management Officer, Paperwork Reduction Project (2577-0191), Office of Information Technology, U.S. Department of Housing and Urban Development, Washington D.C. 20410-3600. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

This collection of information requires that each eligible applicant submit information to enable HUD to select the best projects for funding during annual competitions for the ICDBG Program. The information will be used by HUD to determine whether applications meet minimum screening eligibility requirements and application submission requirements. Applicants provide general information about the project which is preliminary to the review of the applicant's response to the criteria for rating the application. The information is essential for HUD in monitoring grants to ensure that grantees are making proper use of Federal dollars. Responses to the collection are required by Section 105 of the Department of Housing and Urban Development Reform Act (P.L. 101-235) as amended by the Cranston-Gonzales National Affordable Housing Act of 1990. The information requested does not lend itself to confidentiality.

**Instructions for Item 9 Schedule:** Use Calendar Year (CY) quarters. Fill-in the CY below. If the project begins in May, for example, enter under "1st Qtr." A(Apr.,ril), M(May), J(June). Indicate time period required to complete each activity, e.g. acquisition, by entering "X" under the months it will begin and end. Draw a horizontal line from the first to the second "X". If the completion date will extend beyond the 8th quarter, enter date in the far right column and attach an explanation.

**NOTE:** Within 90 days of project completion, the grantee shall submit to the Area ONAP a copy of the final status and evaluation report described in §1003.506(a) and a completed Financial Status Report (SF-425). If acceptable reports are not submitted, an audit of the grantee's program activities may be conducted by HUD.
