## **REQUEST FOR PROPOSALS – DEMOLITION CONTRACTORS**

### **A. Overview**

This Request for Proposals (“RFP”) is being issued by Puyallup Tribe of Indians (Owner). The purpose of this notice is to solicit qualifications from Demolition Contractors to demo a 9,057 SF structure and 2329 SF attached shed structure. The building/barn structure is **located at 5625 – 52<sup>ND</sup> St. E., Puyallup, WA 98371.**

**A site visit can be scheduled prior to submitting proposal by contacting Debra Sharp, Project Manager at (253) 6517211 or email [debra.sharp@puyalluptribe-nsn.gov](mailto:debra.sharp@puyalluptribe-nsn.gov).**

Companies with demonstrated experience in demolition and with an interest in making their services available to the Owner are invited to respond to this RFP. “Respondents” means the companies or individuals that submit proposals in response to this RFP. It is understood that the selected Respondent acting as an individual, partnership, corporation or other legal entity, is state licensed and capable of providing the specified services. The Respondent shall be financially solvent and shall be competent to perform the services required consistent with this RFP.

**See Appendix B - Demolition Requirements and Specifications.**

### **B. Tribal Hiring Practices**

The Owner wishes to make available any and all opportunities to employ Puyallup Tribal members as well as other Native-Americans who are qualified for work on the Project. The Owner also wishes to assist those who are willing to be trained and nurtured for jobs, developing the skills and qualifications for work in construction and construction related trades.

The Owner wishes to see from each RFP respondent a proven track record in establishing and implementing tribal training and hiring practices at all levels of participation, including subcontractors and suppliers. Please cite specific projects and methods you and your subcontractors have successfully employed to identify, recruit and employ Native-Americans.

Once a contract has been awarded, the Tribe’s Tribal Employment Rights Office (TERO) will implement employment program objectives through a Compliance Plan.

Nothing in this RFP shall be construed to create any legal obligation on the part of the Owner or any respondents. The Owner reserves the rights in its sole discretion to amend, suspend, terminate, or reissue this RFP in whole or in part, at any stage. In no event shall the Owner be liable to respondents for any cost or damages incurred in connection with the RFP process, including but not limited to, any and all costs of preparing a response to this RFP or any other costs incurred in reliance on this RFP. No respondent shall be entitled to repayment from the Owner for any costs, expenses or fees related to this RFP. All supporting documentation submitted in response to this RFP will become the property of the Owner. Respondents may also

withdraw their interest in the RFP, in writing, at any point in time as more information becomes known.

### **C. Time of Completion**

The Owner desires to complete the demolition project as soon as practicable.

### **D. Term of Contract**

Any contract awarded pursuant to this RFP solicitation shall be for a contract period up to 3 months upon final approval and date of execution of contract with the possibility of an extension.

## PART 3- EXECUTION

### 3.1 EXAMINATION

- Survey existing conditions and correlate with requirements indicated to determine extent of demolition required.
- Survey the condition of the building to determine whether removing any element might result in a structural deficiency or unplanned collapse of any portion of the structure or adjacent structures during demolition.
- Perform surveys as the Work progress to detect hazards resulting from demolition activities.

### 3.2 PREPARATION

- Drain, purge, or otherwise remove, collect, and dispose of chemicals, gases, explosives, acids, flammables, or other dangerous materials before proceeding with demolition operations.
- Employ a certified, licensed exterminator to treat building and to control rodents and vermin before and during demolition operations.
- Conduct demolition operations and remove debris to ensure minimum interference with roads, streets, walks, and other adjacent occupied and used facilities.
  - Do not close or obstruct streets, walks, or other adjacent occupied or used facilities without permission from the Owner. Provide alternate routes around closed or obstructed traffic ways if required by the Tribal government.
- Conduct demolition operations to prevent injury to people and damage to adjacent buildings and facilities to remain. Ensure safe passage of people around demolition area.
  - Erect temporary protection such as walks, fences, railings, canopies, and covered passageways, where required by authorities having jurisdiction.
  - Protect existing site improvements, appurtenances, and landscaping to remain.

### 3.3 EXPLOSIVES

- Use of explosives will not be permitted.

### 3.4 POLLUTION CONTROLS

- Under the authority of Section 112 of the Clean Air Act, as amended, 42 U.S. C. 1857 (C-7), the Administrator of the United States Environmental Protection Agency (EPA) promulgated National Emission Standards for Hazardous Air Pollutants on April 6, 1973,

(38 F.R. 8820) Asbestos was designated a hazardous air pollutant, and standards were set for its use, and to control asbestos emissions.

- Use water mist, temporary enclosures, and other suitable methods to limit the spread of dust and dirt. Comply with governing environmental protection regulations.
  - Do not create hazardous or objectionable conditions, such as ice, flooding, and pollution, when using water.
- Remove and transport debris in a manner that will prevent spillage on adjacent surfaces and areas.
- Clean adjacent buildings and improvements of dust, dirt and debris caused by demolition operations. Return adjacent areas to condition existing before start of demolition.
- Contractor shall limit hours of operation to Monday through Friday during the hours of 7:00 a.m. to 6:00 p.m. Special hours of operation outside the normal hours must be approved by the Owner. Contractor shall limit noise pollution at all times to prevent objectionable conditions.

### 3.5 DEMOLITION

- Building Demolition: Demolish buildings, structures, facilities, and other debris including brush and trees or logs, and completely remove from the site. Use methods required to complete Work within limitations of tribal government regulations and as follows:
  - Locate demolition equipment throughout the building and remove debris and materials so as not to impose excessive loads on supporting walls, floors, or framing.
  - Dispose of demolished items and materials promptly. If Contractor is able to sell demolished materials, Owner will be provided a credit.
  - Small buildings may be removed intact when permitted by the Owner's representative and approved by authorities having jurisdiction.
  - Break up and remove concrete slabs on grade, unless otherwise shown to remain.
  - Remove air-conditioning equipment without releasing refrigerants.
  - Remove structural framing members to ground to avoid free fall and to prevent ground impact and dust generation.

- Below-Grade Construction: Demolish foundation walls and other below-grade construction, as follows:
  - Basement Excavation- Below grade structures foundation/basement floor shall be totally removed.
- Filing Below-Grade areas: Completely fill below-grade areas and voids resulting from demolition of buildings and pavements with soil materials according to requirements specified in Section 00902 Earthwork.
- Damages: Promptly repair damages to adjacent facilities caused by demolition operations.
- Special Conditions
  - The Contractor shall preserve all surrounding buildings and property. Contractor should note the proximity of surrounding buildings. *Any* damage to surrounding buildings or property will be repaired by the Contractor at his expense.

### 3.6 DISPOSAL OF DEMOLISHED MATERIALS

- General: Promptly dispose of demolished materials. Do not allow demolished materials to accumulate on-site.
- Burning: Do not burn demolished materials.
- Disposal: Transport demolished materials of Owner's property and legally dispose of them.
- Contractor shall supply Owner with a copy of all landfill and disposal receipts.

### 3.7 MEASUREMENT & PAYMENT

- The work of Building Demolition shall not be paid for separately but shall be included in the lump sum project cost.
