

Puyallup Tribal Housing Department

“A DRUG & ALCOHOL FREE HOUSING PROGRAM”

COMMUNITY DINNER

NOVEMBER 21ST @ 6PM

Crime Prevention will be hosting a Community dinner at the NE gym starting at 6pm. Come out for the free food and get to know your neighbors. All are welcome!!!

HOUSING WAITLIST

Have you responded to your 2023 continued interest yet? Housing waitlist continued interest requests were sent out in June. If you have not responded yet you may be removed from the waitlist. Don't wait until it is too late. Please make sure you have checked in with the Intake Specialist by the end of the year to ensure you stay on the list. Contact Melissa Stephens (253)382-6112 or Melissa.Stephens@PuyallupTribe-nsn.gov

PTHD CLOSED

NOVEMBER 10TH, 23RD, & 24TH

NOVEMBER 22ND WILL BE CLOSED @NOON

Puyallup Tribal Housing will be closed in observance of Warriors Day and Potlatch Days

ONLINE PAYMENTS NOW AVAILABLE!!!

PTHD has now launched the online portal for rent payments. All you need to do is follow this link <https://billerpayments.com/app/enrolledwebui/#/login?bsn=ptoihousing> and set up an account for payments from your bank account and/or debit card. You can authorize the payment to be processed that day or an upcoming date of your choosing. We will still be accepting payments at the office. All PTHD employees are willing to assist any residents that may need help with the online payment option. This option will make it easier for all residents to pay their rent on time, as it will eliminate your need to come down to the office.

RACCOONS

SEE SOMETHING...SAY SOMETHING...

Every month we will focus on specific pests that plague residents here in the Northwest. This month we will focus on Raccoons. Raccoons are a year-round issue, but the increase of garbage and food scraps during the holiday season might encourage more raccoons to come around.

Raccoons may seem cute and cuddly, but they can be really dangerous if cornered or with their young. Please keep in mind that these are wild animals and should be treated as such. Raccoons can carry harmful diseases such as roundworm and rabies; which makes them more likely to attack a person.

To prevent raccoons from being a problem in your area make sure all trash is being placed in the trash cans and not on the ground next to it. This will limit the raccoons' access to the food waste. Also, do not leave pet food out at night as this gives access for any wildlife (including rats) to receive a quick and easy meal. Keeping a clean property will help tremendously in keeping the pests away.

MAINTENANCE CORNER

This month we wanted to focus on oven cleanliness. Keeping your oven clean will increase the longevity of your appliance. Here are some tips on how to safely clean your gas stove burners and oven.
