FEMA

APR 10 2018

The Honorable Bill Sterud
Chairman, Puyallup Tribal Council
3009 East Portland Avenue
Tacoma, Washington 98404

Dear Chairman Sterud:

Congratulations, on March 30, 2018, the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) Region 10 approved the Puyallup Tribe of Indians All Hazards Mitigation Plan as a Tribal Mitigation Plan, in accordance with Code of Federal Regulations Title 44 Part 201.

An approval provides the Puyallup Tribe continued eligibility to apply directly with FEMA for Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) programs, i.e., Pre-Disaster Mitigation project grants, Public Assistance (Categories C-G), Fire Management Assistance and Hazard Mitigation Grant Program (HMGP) projects through March 29, 2023. Recipients are required to develop and maintain hazard mitigation plans compliant with FEMA standards as a condition for receiving funds. To continue eligibility, within five years from date of this letter, tribes must review, revise as appropriate and re-submit plans for approval. For further assistance on hazard mitigation planning, please contact our Regional Mitigation Planning Program Manager, Brett Holt, at (425) 487-4553.

FEMA's approval of your updated plan as a Tribal Mitigation Plan provides the Puyallup Tribe continued eligibility to apply for various Stafford Act programs. FEMA evaluates applications for funding according to the specific requirements of the applicable program. A mitigation action identified in the plan may, or may not, meet a program's eligibility requirements. For assistance with hazard mitigation grant funding, please contact Braden Allen, Hazard Mitigation Assistance Programs Specialist, at (425) 487-4749.

We look forward to continuing a productive relationship between FEMA Region 10 and the Puyallup Tribe. Our Regional Tribal Liaison Erin Ward, at (425) 487-4567, is available to facilitate this relationship and delivery of our programs. You are also welcome to contact me directly, at (425) 487-4604.

Sincerely,

Michael F. O'Hare
Regional Administrator

 CDR IDs: Department/ Entity:

Brief description of Action Requested: Date Completed:

DEADLINE: April 20th 2012

Approval of the adoption, for hazard mitigation plans as outlined in 44CFR 201.7

the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) has completed a pre-adoption review of the Puyallup Tribe of Indians All Hazard Mitigation Plan. The plan successfully contains the required criteria, excluding the adoption, for hazard mitigation plans, as outlined in 44CFR 201.7. This letter serves as Region 10's commitment to approve the plan upon receiving documentation of its adoption by the Tribe.

The plan will not be formally approved by FEMA UNTIL IT IS ADOPTED. The Puyallup Tribe of Indians is Not Eligible for Mitigation Project grants Until the Plan is formally approved by FEMA (see attached)

FEMA

April 30, 2012

Honorable Herman Dillon, Sr.
Council Chairman, Puyallup Tribe of Indians
3009 East Portland Avenue
Tacoma, Washington 98404

Dear Chairman Dillon:

The U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) has approved the *Puyallup Tribe of Indians All Hazard Mitigation Plan* as a Tribal Mitigation Plan, in accordance with 44 CFR Part 201. The Puyallup Tribe of Indians is now eligible to apply directly to FEMA as a grantee for Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) non-emergency programs through April 30, 2017. To continue eligibility, the plan must be reviewed, revised as appropriate and re-submitted for approval within five years from the date of this letter.

As a result of the Disaster Mitigation Act of 2000, States and Tribes are required to develop and maintain hazard mitigation plans compliant with FEMA standards as a condition for receiving non-emergency Stafford Act assistance. Applicable Stafford Act assistance includes Public Assistance (Categories C-G), Fire Management Assistance, Hazard Mitigation Grant Program (HMGP), and Pre-Disaster Mitigation grants.

FEMA's approval of your plan as a Tribal Mitigation Plan provides the Puyallup Tribe of Indians eligibility to apply for various Stafford Act programs. All requests for assistance, however, will be evaluated individually according to the specific eligibility and other requirements of the particular programs. For example, a mitigation action identified in the approved plan may or may not meet the eligibility requirements for HMGP funding. If you have any questions regarding specific program requirements and eligibility, please contact Braden Allen, Hazard Mitigation Assistance (HMA) Specialist for HMA programs, (425) 487-4749.

We look forward to continuing a productive relationship between FEMA Region 10 and the Puyallup Tribe of Indians. Please contact our Regional Tribal Liaison, Lucianne Phillips, at (425) 487-2104, or our Regional Mitigation Planning Manager, Kristen Meyers, at (425) 487-4543 with any plan-specific questions or for further assistance.

Sincerely,

Kenneth D. Murphy
Regional Administrator
