WATER WARRIORS  
AS WE HOST THE**

# RALLY TO THE RIALTO

**TUESDAY  
AUG 27 • 11 AM  
STARTING AT  
DON PUGNETTI PARK**

**In opposition  
to Puget Sound  
Energy's Tacoma  
LNG facility we  
will lead a march  
to the Puget Sound  
Clean Air Agency's  
public hearing.**

Regardless of our constant opposition to PSE's LNG facility, regardless of the ongoing efforts of more than 80 outside organizations, and even after Governor Jay Inslee pulled his support for the project, PSE's LNG in the Port of Tacoma still moves forward!

Puyallup Tribal Members, Water Warriors and allies, we deeply appreciate your ongoing efforts.

**Please bring your songs,  
your drums and your presence!**

Please stand with the Puyallup Tribe as we bring our community to the steps of our opposition and re-familiarize PSE with our position on the matter at hand. The water, air and all resources depend on the sustainability of our land.
